These tests are an important support tool used for curriculum and instructional planning both at St. Charles and their future high schools. Please help us obtain an accurate assessment by encouraging your son/daughter to take these test seriously and put forth their best effort. Included is a student/parent pre-test guide for you to look at with your child.

Students should get a good night's sleep and be sure to eat a healthy breakfast on testing days. If they would like, students may have a water bottle and /or unwrapped mints or lemon drops during the tests – unless they become a distraction.

Thank you for realizing the importance of these assignments!
