## PRINCIPAL'S DESK...

Catholic Schools Week is a time for us to celebrate Catholic education. Our theme this year is "Catholic Schools Celebrate Service." Catholic education teaches our students how to live through God with their words and actions. As Catholic educators we instill Christian morals and values everyday. As a school we believe our students are deeply rooted in faith as well as strong academics.

The students are working hard this week on the service theme. They have already assembled birthday bags of food for our St. Charles Food pantry, our students are learning to help others by taking time for others and by giving a small donation for those serving our country.

Catholic schools are an important part of our lives, please spread the word.

School Principal
